

Nanosafety 2020

virtual conference, 05 – 07 October 2020

How to: Create your poster

1. Create and save your presentation

2. Record your text

The screenshot shows the Microsoft PowerPoint interface with the 'Slide Show' tab selected in the ribbon. A 'Record Slide Show' dialog box is open, and a context menu is visible over the 'Record Slide Show' button. The dialog box contains the following text:

Record Slide Show

Select what you want to record before you begin recording.

- Slide and animation timings
- Narrations, ink, and laser pointer

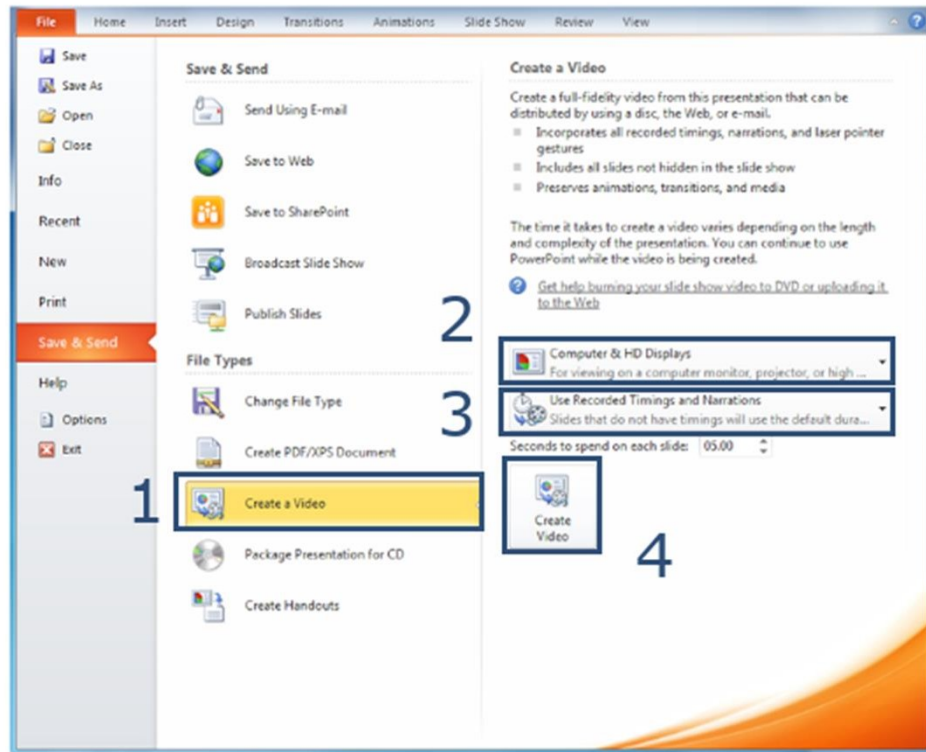

Start Recording Cancel

The context menu over the 'Record Slide Show' button contains the following options:

- Record Slide Show
- Record from Current Slide...
- Record from Beginning...
- Clear

3. Export presentation as video

- 1 File > Save & Send/Export > Create a video
- 2 Choose video quality (min 720 x 1280 px)
- 3 Add recorded text and timing
- 4 Create Video
